Table S1. 2022 data screening process

Screening Training	January 2024
Date data downloaded from OECD CRS	January 18, 2024
Number of screeners	2
	Main screening: February–March 2024
Screening period	
	Quality assurance (QA) checks: April 2024
Analysis period	April–May 2024
Month report published	July 2024

Figure S1. Screening process flow chart

n=number of transactions

^{*}In previous years, our screening threshold was 70% of disbursements in the nutrition dataset. For the 2022 analysis, we revised the threshold to 50% because it was determined this lower threshold would maintain our robust estimate and allow for a more efficient screening period.
